The Middle Ages - the period of time in European history that began in the year 550 and ended in 1500 with the Renaissance - has also been called the Medieval or Feudal era. Some consider it the Age of Religion - but to many it's the Dark Ages, a term first coined by Petrarch. The Complete Idiot's Guide to the Middle Ages gives readers the beginning, middle, and end of the era, starting with the fall of the Roman Empire and ending with the light at the end of the tunnel, the Renaissance. In between, readers learn about- As the Romans fall, the Barbarians rise, but a small light remains in the Byzantine and Islamic worlds Charlemagne, Pippin, and the last of the long-haired kings Serfing through the storms-Arabs, Magyars, Vikings, and Anglo-Saxon invaders A day in the life of .. a king, a knight, a lord, a townsman, a serf, and a woman Politics and the Church The Reconquista in Spain, the Crusades, and Joan of Arc at the stake When it was Dark it was dark-hunger, plague, war, and financial collapse Ancients versus moderns and the dawn of a new age A timeline, a who's who, and even more light-further reading and the Middle Ages in film

An incisive and absorbing biography of the legendary emperor who bridged ancient and modern Europe and singlehandedly altered the course of Western history. Charlemagne was an extraordinary figure: an ingenious military strategist, a wise but ruthless leader, a cunning politician, and a devout believer who ensured the survival of Christianity in the West. He also believed himself above the rules of the church, siring bastards across Europe and coldly ordering the execution of 4,500 prisoners. Derek Wilson shows how this complicated, fascinating man married the military might of his army to the spiritual force of the Church in Rome, thereby forging Western Christendom. This is a remarkable portrait of Charlemagne and of the intricate political, religious, and cultural world he dominated.

Teacher guides include insights, helps, and weekly exams, as well as answer keys to easily grade course materials! Help make your educational program better - use a convenient teacher guide to have tests, answer keys, and concepts! An essential addition for your coursework - team your student book with his convenient teacher guide filled with testing materials, chapter helps, and essential ways to extend the learning program.

This collection of literature attempts to compile many classics that have stood the test of time and offer them at a reduced, affordable price in an attractive volume so that everyone can enjoy them.

From his father, Charlemagne inherited only a part of the Frankish kingdom - little more than half of modern France and the Low Countries. Before his astonishing career had ended, he had conquered half of Europe and his armies had marched through Italy, Germany, and Spain. In a glittering Christmas Day ceremony in Rome, in the year 800, he was crowned the new Holy Roman Emperor. More than the heroic conqueror of Western Europe, Charlemagne was an intense and thoughtful human being. His succession of five wives brought him a palace full of children. So warm was his love for his daughters that he could never bear to see them married away from the court, even though enticing alliances with other rulers were offered them. A deeply religious man, Charlemagne became the protector of orthodox Christianity against medieval heresies. A patron of learning, he established schools and brought artists and scholars to his court to work and study. As a result, most classical literature comes down to us in copies of books made in Charlemagne's time. Here, from National Book Award winner Richard Winston, is his remarkable story.
