through challenges, behaviors and thought patterns that may be blocking your success at work and in life. Learn to be your own coach so you can make sustainable changes and take more ownership of your career development. Invest in yourself! You are your best coach!

There's no doubt about it: every conflict in every relationship involves two people with two different perceptions, and every solution requires two partners to arrive at a single shared perception. You can't repair a damaged relationship by yourself, and you can't change your partner into someone else. Does that mean the situation is hopeless? Absolutely not! In *Reconnecting*, Dr. Joseph Luciani, the celebrated author of the renowned *Self-Coaching* series, introduces a proven, practical method you can follow to encourage your less-than-cooperative partner to join you in a meaningful healing process, even if you have to take the first steps on your own. Dr. Luciani begins by helping you evaluate your own level of insecurity and, using his *Self-Talk* technique, do something to improve it. He shows you how to use *Self-Talk* to become a catalyst for change in your relationship by eliminating your contribution to the problem. You'll identify your own personality patterns and use *Self-Talk* to let go of personal baggage, stop listening to what hurts you, and see the problem as a whole. Next, you'll learn how to apply *Catalytic Self-Coaching* to your relationship. You'll find out what it means to create a relationship vacuum, and you'll start working with *Self + Self = Us Portraits*. You'll also discover how to risk trusting each other and to begin coaching each
