I have an old sentry safe, given to me by my grandmother in the event of her death but I lost the combination for it, hence me wanting to try manipulating it. I feel like I should try and do it this way instead of cracking it due to money reasons and a personal interest in learning this skill but enough beating around the bush.

A concentric castle is a castle with two or more concentric curtain walls, such that the inner wall is higher than the outer and can be defended from it. The layout was square (at Belvoir and Beaumaris) where the terrain permitted, or an irregular polygon (at Krak and Margat) where curtain walls of a spur castle followed the contours of a hill.. Concentric castles resemble one castle nested ...
