What does it take to be a professional singer in today's technological world? Why do singers with less technical skill sometimes out-perform stars? What is that mysterious factor that makes an electric performance? This collaboration between a voice teacher and a performance psychologist teaches skills that work for singers at all levels of ability, experience, and training. 20 music examples.

Collectors of jazz on vinyl know how difficult it can be to find pristine copies of original classic jazz recordings, and ever-changing market values can make pricing those albums even more difficult. With this fantastic, updated 2nd edition, collectors will be able to accurately price records using the most current US market values. This all-encompassing reference features all types of jazz issued on 331/3 rpm long-playing records, including Dixieland, bebop, big band, swing, West Coast, fusion, modern and many others. It includes over 40,000 albums released between 1948 and today, valued in three grades of condition, as well as a thoroughly illustrated label guide for easy distinction between first editions and later pressings. Collectors will discover thousands of records not listed in any other price guide.
