Is this the right book for me? A jargon-free guide for the small business owner or manager Small Business Accounting is a jargon-free joy for the small business owner or manager, providing practical examples of real businesses to show the reader, step by step, how to record each transaction. This book does not assume that you know anything at all about business records and accounts and gives a system for real businesses to be operated by real business people who want a simple, easy and, above all, quick system of book keeping. Forget about debits and credits, journal entries, ledgers and day books. If you can read a bank statement this book will teach you how to prepare accounts, make cashflow forecasts and prepare a budget. And when you do need to use an accountant, it tells you how best to find a reliable one. Small Business Accounting includes: Chapter 1: Introduction Chapter 2: Your bank account Chapter 3: A simple cashbook Chapter 4: Analysis columns Chapter 5: Payments - filing Chapter 6: Payments - cheque-book Chapter 7: Payments - cashbook Chapter 8: Non-allowable expenses Chapter 9: Purchase of equipment Chapter 10: Credit cards Chapter 11: Petty cash Chapter 12: Receipts - filing Chapter 13: Receipts - paying-in book Chapter 14: Receipts - cashbook Chapter 15: Capital introduced Chapter 16: End of month procedures Chapter 17: VAT Chapter 18: Wages Chapter 19: End of year totals Chapter 20: Adjustments for payments Chapter 21: Adjustments to receipts Chapter 22: Transfer to tax return Chapter 23: Trial balance Chapter 24: Final accounts Chapter 25: Budgeting and cash-flow forecasting Chapter 26: Costing and pricing Chapter 27: Computerization

A flowing writing style combines with the use of illustrations and diagrams throughout the text to ensure the reader understands even the most complex of concepts. This succinct and enlightening overview is a required reading for all those interested in the subject . We hope you find this book useful in shaping your future career & Business.

Business owners need good accountants and, in return, accountants deserve to have good business owners. By 'good' I mean informed people who are committed to their business, and are willing to learn. The only problem is that the terms used in the world of business accounting and finance often get in the way. This book is not written by an accountant, it has been written by a small business owner. It will help you to understand, interpret, and communicate with one of your most valued advisors: your accountant. Whatever business you operate, you will have to deal with accounts and business finance. This book is written for the small business owner who is good at what they do, but needs a little help understanding the figures and what they mean. It will also help you to recognise and implement several ways of increasing real profit in your business. Andrew Scowcroft has run his own training and consultancy business since 2001, specialising in leadership development and business management. This is his fourth management book; the first three covering managing people, influencing skills, and presenting with confidence. He has also published a travel book reflecting on the culture clashes he experiences during his regular business trips to India.

Not everyone is cut out to be a professional accountant, but those who want to move up the corporate ladder know that they need to master the essentials of accounting. Understanding Business Accounting For Dummies, 2nd Edition makes truly light work of the financial fundamentals that many businesspeople try to bluff their way through every day. The book will show you how to evaluate profit margins, establish budgets, control profit and cash flow, stem losses, manage inventory, make wise financial decisions, survive an audit, and use the latest computer technology to help you manage the bottom line. This updated edition also includes the latest information on International Financial Reporting Standards, capital budgeting, and break even, plus new advice on how to find financial facts and read company accounts. New sections include links to a number of key business spreadsheets and a new chapter on financing your business.
