I thought Spellfire was an OK book, but not one of those "You must read this book." things. At times it was to Lovey! The only thing I kept reading this book for, was because of Torm. He was just, plain FUNNY!! Narm and Shandrils were to Kissy, Kissy, if you know what I mean. I think I might read Crown of Fire, but it might be the same thing.

Swords of Eveningstar is the first title in an exciting new series by author Ed Greenwood, the creator of the Forgotten Realms campaign setting. This series explores the youthful adventures of the much-loved heroes, Florin, Islif, and Jhessail, as they battle to win a name for themselves and then to defend it against the machinations of a more insidious and devious evil than they ever thought to face. From the Hardcover edition.

The seer Alaundo prophesied that seven scourges would sweep Cormyr way in ruin. For centuries the royal family has stood watch against that day and devoted their lives to the protection of the realm. But in a time when their ancient guardians slumber and their most loyal servants disappear, when a terrible evil prepares to sweep down upon their home -- Who will protect the royal family?

Elminster's Doom It was the eve of the Time of Troubles. The chaos of spilled blood, lawless strife,

monsters unleashed, and avatars roaming Faerûn was still to come. Unbeknownst to mortals, the gods had been summoned together, and among them was Mystra, grown proud and willful in the passing eons. With the others, she was about to be stripped of her godhood. The secret of her power gave her an idea. She made certain preparations, looking always for one who would be her successor . . . But until that person's ascension, her power must be preserved. A lone mortal must carry the greater share of her divine energy until the power could be reclaimed, and it was the fate of this mortal to risk being destroyed or driven wild, involuntarily and without warning. This was the occasion of Elminster's Doom.

The first novel in the now-classic D&D trilogy set in the Forgotten Realms Alias is a sell-sword, a warrior-for-hire, and an adventuress—and she's in big trouble. She woke with a series of twisting, magical blue sigils inscribed on her arms, and no memory of how she got them. Determined to learn the nature of the mysterious tattoo, Alias joins forces with an unlikely group of companions: the halfling bard, Ruskettle, the southern mage, Akabar, and the oddly silent lizard-man, Dragonbait. With their help, she discovers that the symbols hold the key to her very existence. But those responsible for the sigils aren't keen on Alias's continued good health. And if the 5 evil masters find her first, she may discover all too soon their hideous secret.

Rumors race around Cormyr regarding the mythical Lost Spell, a powerful enchantment designed centuries ago by the presumed dead god of spells—a spell long thought lost to the ages. Found by some magic-less merchant, rumor has it the Lost Spell is to be auctioned off to the highest bidder. It is a powerful lure, and archwizards of every stripe descend upon the merchant, only to be trapped with him inside his manor by a vicious spellstorm—escape impossible, and their magic useless with the interference from the storm. Moreover—they find themselves faced with the infamous Elminster of Shadowdale, who claims he's just there to decide who gets the Lost Spell, but who clearly has an agenda of his own. But before Elminster can put whatever plan he has in motion, archwizards start dying.

Hell Hath Such Fury On the world of his birth he's all but a god, but when an ancient evil banishes him to the depths of the Nine Hells, he's just another lost soul. Elminster, Sage of Shadowdale, Chosen of Mystra, faces his most desperate struggle--to survive, to escape, to cling to his very sanity--and all the forces of the inferno are rallied against him. The top-selling book by the creator of the Forgotten Realms universe is now available as an eBook!

Strange magic is on the loose in Firefall Keep -- magic that kills. The mightiest War Wizards are baffled, and the shadow of destruction threatens valiant Harpers and nobles of the fair realm of Cormyr alike. With Harpers in jeopardy, it is up to the legendary Bard of Shadowdale, Storm Silverhand, to overcome this lethal and mysterious force. "Whenever I think I can relax at last, someone hastens to brutally point out to me that I've fresh work to do. It's time to save the world again." -- Storm Silverhand Stormlight is the fourteenth in an open-ended series of novels focusing on the Harpers, the secret organization for Good in the Forgotten Realms fantasy world.
