feelings, sensations and mental images. Telepathic descriptions are universally found in writings and oral lore.

## Telepathy - The Mystica

Telepathy is a form of communication which does not use the five general senses. Instead of getting your thoughts across through speech or visually, telepathic communication works through a direct mind-to-mind link. It ' s a useful skill which every man and woman innately possesses and with practice, you too can communicate this way.

How to Develop Telepathy (with Pictures) - wikiHow  
In fact, if the definition of telepathy is sending messages from brain to brain, we've been sending messages to each other since we squelched out of the primordial ooze. Culminating in the most sophisticated communication system we know: language and gesture. And then mobile phones. But maybe that doesn't really count.
