Sore Testicle The feeling described as soreness in a testicle usually happens gradually. If it's one-sided and keeps increasing, or if you experience swelling and tenderness, it may be due to epididymitis. In sexually active men, the inflammation of the epididymis is commonly due to a sexually transmitted infection.

Sore Testicle, Pain in Testicle & Discomfort. Is There a ...
The idea would be the testicle would be crushed for a few minutes to cause pain but not burst it and then the testicles would be swapped every 5 minutes. A man would feel this for around an hour as a punishment for something small or would feel it weekly for the duration of a jail sentence. I think this might be a bit more acceptable to everyone.
