The Land is a protest song, traditionally sung by the Georgist movement in pursuit and promotion of land value taxation. Its first appearance is from a Chicago Georgist publication, The Single Tax, in 1887 as The Land Song. Until the late 1970s it was sung at the end of each year's Liberal Assembly and was the party anthem of the Liberal Party, until that party merged with the SDP to form the Liberal Democrats. To this day it remains the de facto anthem of the Liberal Democrats, and is sung as t

The land belongs to us! Indigenous groups from the Paraguayan region of Boquer ón want to regain control over their land. The groups ' leaders presented their bids to the governor and community administrator during a meeting organized by PROINDIGENA on the 30th June.

This book covers the decades spanning two fundamental refashionings of the relations of power in South Africa: the upheavals of the difaqane in the 1820s, and the aggressive British imperialism of the 1870s.

Colourful and cleverly written, this is a story that children will love to memorise and recite. Sure to delight both parents and children. From the beetle to the general and the animals and people in between, every creature stakes a claim on the land ... from the cities to the islands, to every rock, nook and cranny ... But where can this lead? What will be left? Beautifully illustrated. A delight to read aloud!

Now part of the HBO docuseries "Exterminate All the Brutes," written and directed by Raoul Peck 2015 Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples ' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, An Indigenous Peoples ' History of the United States is an essential resource providing historical threads that are crucial for understanding the present. In An Indigenous Peoples ' History of the United States, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: " The country can be rid of them only by exterminating them. " Spanning more than four hundred years, this classic bottom-up peoples ' history radically reframes US history and explodes the silences that have haunted our national narrative. An Indigenous Peoples' History of the United States is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

NATIONAL BESTSELLER • PEN/HEMINGWAY AWARD WINNER • One of The New York Times 10 Best Books of the Year • A wondrous and shattering novel that follows twelve characters from Native communities: all traveling to the Big Oakland Powwow, all connected to one another in ways they may not yet realize. Among them is Jacquie Red Feather, newly sober and trying to make it back to the family she left behind. Dene Oxendene, pulling his life together after his uncle ' s death and working at the powwow to honor his memory. Fourteen-year-old Orvil, coming to perform traditional dance for the very first time. Together, this chorus of voices tells of the plight of the urban Native American—grappling with a complex and painful history, with an inheritance of beauty and spirituality, with communion and sacrifice and heroism. Hailed as an instant classic, There There is at once poignant and unflinching, utterly contemporary and truly unforgettable.

A sweet middle-grade chapter book about two best friends who transform their torn-up street into a world where imaginations can run wild. In 1984 Los Angeles, Alex is a tomboy who would rather wear her hair short and her older brother's hand-me-downs, and Wolf is a troubled kid who's been wearing the same soldier's uniform ever since his mom died. They temporarily set their worries aside when their street is torn up by digging machines and transformed into a muddy wonderland with endless possibilities. To pass the hot summer days, the two best friends seize the opportunity to turn Muscatel Avenue into a battleground and launch a gleeful street war against the rival neighbourhood kids. But when Alex and Wolf make their headquarters inside a deep trench, Alex's grandmother warns them that some buried things want to be found and some want to stay hidden and forgotten. Although she has the wisdom of someone who has survived the Mexican Revolution, the Spanish Flu, and immigration to a new country, the kids ignore her warning, unearthing more than they bargained for. The exuberant and expressive line drawings by Gabriela Godoy perfectly capture the summers of youth, when anything feels possible and an adventure is always around the corner. Bursting with life and feeling, both the people and the land come alive in a tale interwoven with Mexican-American identity, experience, and history. The Street Belongs to Us is a story of family, friendship, and unconditional acceptance, even when it breaks your heart. Ages 8 to 12.

The " fascinating " #1 New York Times bestseller that awakened the world to the destruction of American Indians in the nineteenth-century West (The Wall Street Journal). First published in 1970, Bury My Heart at Wounded Knee generated shockwaves with its frank and heartbreaking depiction of the systematic annihilation of American Indian tribes across the western frontier. In this nonfiction account, Dee Brown focuses on the betrayals, battles, and massacres suffered by American Indians between 1860 and 1890. He tells of the many tribes and their renowned chiefs—from Geronimo to Red Cloud, Sitting Bull to Crazy Horse—who struggled to combat the destruction of their people and culture. Forcefully written and meticulously researched, Bury My Heart at Wounded Knee inspired a generation to take a second look at how the West was won. This ebook features an illustrated biography of Dee Brown including rare photos from the author ' s personal collection.

Few books have had a greater impact than A Sand County Almanac, which many credit with launching a revolution in land management. Written as a series of sketches based principally upon the flora and fauna in a rural part of Wisconsin, the book, originally published by Oxford in 1949, gathers informal pieces written by Leopold over a forty-year period as he traveled through the woodlands of Wisconsin, Iowa, Arizona, Sonora, Oregon, Manitoba, and elsewhere; a final section addresses the philosophical issues involved in wildlife conservation. Beloved for its description and evocation of the natural world, Leopold's book, which has sold well over 2 million copies, remains a foundational text in environmental science and a national treasure.
