Equip your students with the critical leadership skills and solid understanding of today's theory they need to become effective business leaders in today's turbulent times with Daft's LEADERSHIP, 5E, International Edition. Acclaimed author Richard Daft helps your students explore the latest thinking in leadership theory and contemporary practices at work within organizations throughout the world. This edition more closely connects theory to recent world events, such as the Wall Street meltdown, ethical scandals, and political turmoil. Students examine emerging topics, including enhancing emotional intelligence, leadership vision and courage, leading virtual teams, and open innovation. Packed with memorable examples and unique insights into actual leadership decisions, this edition now offers full-color visuals to reinforce the book's engaging presentation. This edition's proven applications, specifically designed for today's leadership theory and applications course, and a solid foundation grounded in established scholarly research make the topic of leadership come alive for your students.

Nielsen presents the "peer-based" organization, which uses rotating peer leadership councils and cross-functional task forces to manage

the organization's work

Written by an international panel of distinguished global health experts, this book distills valuable lessons from a wide variety of successful health programs that have been implemented around the world. Global Health Leadership and Management gives practical suggestions for enhancing and developing the essential skills of leadership, management, communication, and project planning for health care leaders. The book will assist health leaders to work well within their communities and effectively plan, direct, implement, and evaluate effective programs and activities. Global Health Leadership and Management outlines and describes such core competencies as Identifying challenges and developing and managing policy Developing strategies, pathways, and solutions Creating networks and partnerships and planning for change Learning from experience to build a generation of leaders Leading and managing teams by recognizing and celebrating success

2015 Recipient of the Textbook Excellence Award from the Text and Academic Authors Association (TAA) The Sixth Edition of Richard Gargiulo's well-respected Special Education in Contemporary Society: An Introduction to Exceptionality offers a comprehensive, engaging, and easy-to-read introduction to special education. Grounded in research and updated to reflect the most current thinking and standards of the field, the book provides students with the skills and knowledge to become successful teachers. Richard Gargiulo and new co-author Emily Bouck encourage a deep awareness and understanding of the human side of special education. Their book provides students a rare look into the lives of exceptional students and their families, as well as the teachers that work with exceptional persons throughout their lives. The new edition maintains the broad context and research focus for which the book is known, while expanding on current trends and contemporary issues to better serve both pre-service and in-service teachers of exceptional individuals. The text is organized into two distinct parts to offer students a truly comprehensive and humane understanding of exceptionality. In Part I, readers are provided strong foundational perspective on broad topics that affect all individuals with an exceptionality. In Part II, the authors engage students with thorough examinations of individual exceptionalities, and discuss historical, personal, and educational details of each exceptionality as it affects a person across the lifespan.

Written specifically for students unfamiliar with Latin American history, this comprehensive narrative presents a variety of interpretations and theories from the last half of the century. The authors present main theories and analyses of the area's history, balancing economic, social and cultural views while expertly weaving in the history of minorities, women, the environment, culture, literature, and art. Primary documents begin each chapter, offering short glimpses into moments in history and setting the theme for the

chapter to follow. Maps, images, bibliographies, discussion questions, and other pedagogical elements are strategically placed throughout to help students engage in research assignments, papers, and so on.

Widely praised, ARGUMENTATION AND DEBATE, 13E, uses a clear, concise, and engaging presentation that makes even complex material easy for students to understand. The authors have adapted the text over the years to match changing practices in debate and teaching while preserving classical and conventional approaches to learning debate. This edition retains its rhetorical roots with a flexible tone open to a diverse array of debate styles that is appropriate in the contemporary context. It values the importance of inclusion and sensitivity to differences of culture, gender, orientation, class and other factors as they impact communicative choices and argumentation. The authors have a preference for team topic evidence-based policy debate; however, the text strives to offer viable tools for a wide range of readers interested in improving their critical thinking for reasoned decision making. How are leaders successfully managing competitive companies in the 21st century? Gulati/Mayo/Nohria's MANAGEMENT - PRELIMINARY EDITION, by award-winning instructors and prominent Harvard business experts, addresses the many integrated facets in answering this key question to help you effectively prepare for successful leadership now and in the future. As a manager you will be confronted with challenges and opportunities that are more dynamic and complex than ever before. As a leader in any business role, you need to understand how to harness technological advances, manage and lead a dispersed and diverse workforce, anticipate and react to constant competitive and geopolitical change and uncertainty, compete on a global scale, and operate in a socially responsible and accountable manner.

Gulati/Mayo/Nohria's MANAGEMENT - PRELIMINARY EDITION demonstrates the mutual interconnectivity between three key facets of management: strategic positioning, organizational design, and individual leadership. The book presents management from a tangible, integrated, and current perspective, teaching you to visualize how strategy informs leadership and how leaders influence strategic positioning and, ultimately, manage performance.

ALIGN YOUR BUSINESS FOR SUCCESS From overarching vision to individual competency scorecards, Total Alignment arms you with powerful concepts and tools to run a successful, efficient business. No matter what size or type of business you run, business strategy experts Riaz Khadem and Linda Khadem show you how to align your team and operations from the ground up and from the top down. Total Alignment is the result of innovative thinking, solid research, and thirty successful years of consulting experience with major companies. Whether your team

struggles most with communication, accountability, or motivation, this book will help you inspire your organization to produce efficiently, engage in the company's vision, and hold each other accountable for solid, sustained progress. Implement these concepts and tools to gain coherence, strength, and value:

- Measure and narrow alignment gaps in key areas of your business using the Alignment Survey
- Plan for your company's growth and measure it along the way with the Alignment Map
- Define clear roles and responsibilities for each member of your team to ensure accountability with Accountability Assignment worksheets
- Eliminate silos, inefficiencies, and redundancies with the one page management strategy
- Set short- and long-term goals that add value to each branch of the company as well as the business as a whole

Plus, gain access to easy-to-use templates to analyze your company's alignment, including Business and Individual Scorecards, the Competency Worksheet, an Action Plan Commitment chart, and the Performance and Effort Indexes.
