The Lemming Condition - Demoblog-bloggerkurs

Lemmings are small rodents that live in the Arctic tundra. There are around 20 species of lemming, and they are close relatives of voles and muskrats. Under certain conditions, lemmings undertake mass migrations to search for food and a new place to live. This has given rise to the myth that large numbers of lemmings deliberately jump off cliffs.

BBC - Earth - The truth about Norwegian lemmings

Thus, the unexplained fluctuations in the population of Norwegian lemmings, and perhaps a small amount of semantic confusion (suicide not being limited to voluntary deliberation, but also the result of foolishness), helped give rise to the popular stereotype of the suicidal lemmings, particularly after this behavior was staged in the Walt Disney documentary *White Wilderness* in 1958.

Lemming - Wikipedia

lemming. 1. Rodents who will follow each other to their deaths supposedly. 2. Slang- an insult to another person who you believe has no preferences of their own, and instead will always follow the crowd. Sheeple is also a term for this type of person. 3.

Urban Dictionary: lemming

PEGI 3. Lemmings is a puzzle-platformer video game originally developed for the Amiga by DMA Design and published by Psygnosis in 1991. The basic objective of the game is to guide a group of humanoid lemmings through a number of obstacles to a designated exit. In order to save the required number of lemmings to win, one must determine how to assign a limited number of eight different skills to specific lemmings that allow the selected lemming to alter the landscape, to affect the behavior of ...
