At the age of eleven, while a bootblack working in Barnaby's Tavern in Boston, he first met The Man Who Always Wept.

Almost a decade since deciding to give up war reporting full-time, and at the unexpected prodding of his wife, award-winning journalist Patrick Graham travels to the heart of the Libyan Revolution and the Arab Spring. He delivers a story by turns harrowing and comic, rich in both dramatic, on-the-ground reportage and historical detail, of a nation on the brink of

transformation. “If you’re a recovering journalist listening to reports of a distant war on the radio, then you know, with the kind of arrogant certainty that sometimes irritates your wife, what you would be doing during these moments because you’re already there in your head. . . . I may have been at home in my kitchen wearing an apron, but my avatar had been doing some heroic work around the globe. Which is why I found myself mocking the guy on the radio: “For fuck’s sake, at least get to Benghazi!” It was around that time that my wife, who had walked in unnoticed, said, “Why don’t you go?” Within a few days of his wife’s suggestion, Graham was on a plane. It had been a while since he had last reported on a war. Though he lacked the security or credentials of a formal assignment, and was more than a little out of practice, he improvised his way from Egypt, then experiencing its own Arab

Spring upheavals, and across the frontier into Libya. The result is an intimate eyewitness account – equal parts harrowing and hilarious – of the Libyan revolution as seen from the heart of the uprising in Benghazi. As ragtag militias try to beat back the assaults of Gaddafi's troops, Graham introduces us to Libyan civilians with haunted pasts and uncertain futures, each of whom must decide whether they, too, will go to war. Meanwhile, Graham encounters both old colleagues and rookie journalists, forcing him to ask questions about the changing nature of war reportage in the age of social media. With a fascinating detour that explores the rebellion's intellectual and spiritual roots in the Sanusi, a Sufi Muslim political order, *The Man Who Went to War* is a penetrating and engrossing story of a country on the brink of transformation.

Byron Rogers' biography of Wales's national poet and vicar, R.S. Thomas has been hailed as a 'masterpiece', even as a work of 'genius', by reviewers from Craig Brown to the Archbishop of Canterbury. Within someone considered a wintry, austere and unsociable curmudgeon, Rogers has unearthed an extremely funny story – 'riotously' so, in Rowan Williams' words. Thomas is widely considered as one of the twentieth-century's greatest English language poets. His bitter yet beautiful collections on Wales, its landscape, people and identity, reflect a life of political and spiritual asceticism. Indeed, Thomas is a man who banned vacuum cleaners from his house on grounds of noise, whose first act on moving into an ancient cottage was to rip out the central heating, and whose attempts to seek out more authentically Welsh parishes only brought him more into contact with loud English

holidaymakers. To Thomas's many admirers this will be a surprising, sometimes shocking, but at last humanising portrait of someone who wrote truly metaphysical poetry.

The Man Who Came and Went, a novel of the new west, is a magically realistic story for the modern era that will tease your understanding and beliefs, and draw you into the mysteries of the universe, from the brilliant mind of Joe Stillman, acclaimed Academy Award nominated co-writer of "Shrek." Fifteen-year-old Belutha Mariah, our storyteller, is the oldest of three kids from three different fathers. Her life's goal is to keep her dysfunctional mom, Maybell, from procreating yet again and then to leave the coffin-sized town of Hadley, Arizona the second she graduates high school. Along comes the new grill cook at Maybell's Diner, Bill

Bill, a mysterious drifter with the ability to mind-read orders. As word spreads in Hadley and beyond, the curious and desperate pour into this small desert town to eat at Maybell's. Some believe Bill knows the secrets of the universe. Belutha figures he's probably nuts. But his cooking starts to transform the lives of locals and visitors, and Belutha finds her angry heart opening, as Bill begins to show her the porous boundary between this life and what comes after. In a normal American town, something new and strange, and yet achingly familiar, begins to unfold.
