The Morganville Vampires Volume 1

The Morganville Vampires Vol. 1 is an interesting vampire story when you compare it to other vampire stories that's out on the market - for example Twilight. I like the plot, the fact that the vampires are the bad ones, and that the pack of human main characters that we're following are quite resourceful.

In Morganville, Texas, a small college town where evil terrorizes the streets under the cover of darkness, Claire Danvers discovers that her new roommates are vampires and all hell breaks loose as the living party with the dead.

College freshman Claire Danvers has had enough of her nightmarish dorm situation, where the popular girls never let her forget just where she ranks in the school's social scene: somewhere less than zero. When Claire heads off-campus, the imposing old house where she finds a room may not be much better. Her new roommates don't show many signs of life. But they'll have Claire's back when the town's deepest secrets come crawling out, hungry for fresh blood. Watch a Windows Media trailer for this book.

"Previously published in separate Signet and NAL Jam mass market editions"--T.p. verso.

Vampires and humans coexist in harmony in Morganville until a filmmaker working on a documentary on vampires goes missing, and Claire Danvers and her friends must handle the consequences.

Claire Danvers's college town may be run by vampires but a truce between the living and the dead made things relatively safe. For a while. Now people are turning up dead, a psycho is stalking her, and an ancient bloodsucker has proposed private mentoring. To what end, Claire will find out. And it's giving night school a whole new meaning. Watch a Windows Media trailer for this book.

In the college town of Morganville, vampires and humans coexist in (relatively) bloodless harmony. Then comes Bishop, the master vampire who threatens to abolish all order, revive the forces of the evil dead, and let chaos rule. But Bishop isn't the only threat. Violent black cyclone clouds hover, promising a storm of devastating proportions as student Claire Danvers and her friends prepare to defend Morganville against elements both natural and unnatural. Watch a Windows Media trailer for this book.

Accepted into a special study program at MIT with Professor Irene Anderson, Claire Danvers works on developing a technology to block the mental powers of vampires only to unleash unexpected forces when she tests the machine on live subjects.

In Morganville, Texas, “there's always a surprise just around every dark corner” (Darque Reviews)—and it usually involves the undead. Now these secrets come to light in this collection that includes books one through eight in Rachel Caine's New York Times bestselling Morganville Vampires series... GLASS HOUSES THE DEAD GIRLS' DANCE MIDNIGHT ALLEY FEAST OF FOOLS LORD OF MISRULE CARPE CORPUS FADE OUT KISS OF DEATH

The star-crossed tale of Romeo and Juliet, told through the eyes of Romeo's cousin, Benvolio, a thief known as the Prince of Shadows.

After discovering that vampires populate her town, college student Claire Danvers knows that

the undead just want to live their lives. But someone else wants them to get ready to rumble. There's a new extreme sport getting picked up on the Internet: bare- knuckle fights pitting captured vampires against each other-or humans. Tracking the remote signal leads Claire to discover that what started as an online brawl will soon threaten everyone in Morganville...
