Robert is a time traveler. In point of fact, he's the last time traveler. He managed to snag that impressive title because when he comes from has no future. This, as you can imagine, makes it much easier to be the last of any number of things. The current lack of future is due to the mess all his predecessors, the previous time travelers, made of things. It's Robert's job to repair the damage they did in the hopes that

this will jump-start time . Fortunately he's assembled the most brilliant team in history to do the job. At his disposal are the best hackers, mechanics, and doctors who ever lived. He and his elite band have to do their best to un-steal ancient artifacts, un-kidnap people of importance, and un-sell advanced technologies while doing as little damage to the timelines as possible.

The Last Time Traveler is a rather unique sci-fi romantic comedy. In fact, it's more like a comedy romance sci-fi if you put things in the correct order of importance. The humor is in some ways rather outlandish and draws on pop-culture a good bit. And all the romance is PG-13. If you're even the slightest bit curious read a few sample pages. By the third or

"You couldn't ask for a finer guide to the future -- or the past -- than Doug Molitor." -- Larry Gelbart (A Funny Thing Happened on the Way to the Forum, M*A*S*H, Tootsie) In this fast-paced, thrilling journey through time, archaeologist David Preston comes into possession of a baseball supposedly signed by the legendary Ty Cobb in 1908, thanks to Ariyl Moro and her mysterious companion, Jon Ludlo. Except the ball tests out to be an impossible paradox. It was signed

with a ballpoint pen (not invented until 1938) using ink that's several centuries older. But then, Ariyl and Ludlo aren't who they claim to be either. Ariyl, a voluptuous 6-foot-3 beauty, turns out to be a tourist from a 22nd century paradise where time travel is the latest craze. Unbeknownst to her, however, her traveling companion, Ludlo, is a psychopath whose thefts are starting to alter history. In a world where even small changes in the timeline can cause catastrophic consequences, Ludlo's actions may completely destroy the future. To stop Ludlo, David and Ariyl must solve a mystery involving Bronze Age swordsmen, modern-day Nazis, a steampunk world, Albert Einstein, some highly skeptical Founding

Her father was a time traveler, and he left her with a mission... The year is 1929, and Catherine Christie's world turns upside down when, on her 25th birthday, she receives a box from her long-dead father containing an explosive secret: that he was a time traveler. In the box is also a medallion that can take her into the past and breadcrumbs to the largest pirate treasure that has ever been lost, a treasure her ancestors have sought for generations... Sebastian Talbot is a disgraced former duke who trades in

antiquities. He meets the alluring Catherine at The Great Exhibition of 1851, unaware that she is 80 years before her time and is laying a trap to get her hands on the pendant he always wears around his neck. She seduces him, grabs the necklace and plunges them both into the past... As Catherine and Sebastian embark on the adventure of a lifetime, the pull of their desire is as magnetic as their magical medallion. The closer they get to finding the lost treasure, the closer they get to each other. But Sebastian still doesn't know who she really is. Will Catherine reveal her secret and give them a chance at love? This is the first book in the All Who Wander series, time-travel romance novels that sizzle with

Sir Arthur Conan Doyle is obsessed with a legendary red book. Its peculiar stories have come to life, and rumors claim that it has rewritten its own endings. Convinced that possessing this book will help him write his ever-popular Sherlock Holmes stories, he takes on an unlikely partner, John Patrick Scott, known to most as a concert musician and paranormal investigator. Although in his humble opinion, Scott
