Werewolves: A Field Guide to Shapeshifters, Lycanthropes ...

What from the title and cover (what was that old adage again?) appears to be a fictional guide meant for those fantasy lovers dreaming of real life werewolf hunts, is actually a well reasoned, seemingly well researched (footnotes would have made the entire work much more compelling and complete) thesis on the origins of the human fascination with wolves, the ability of shape shift, and the place of the werewolf in our culture.
