her friend's defense--and ends up revealing not only Sheba's secrets, but also her own.

Now a Netflix original movie, this deeply scary and intensely unnerving novel follows a couple in the midst of a twisted unraveling of the darkest unease. You will be scared. But you won't know why... I'm thinking of ending things. Once this thought arrives, it stays. It sticks. It lingers. It's always there. Always. Jake once said, "Sometimes a thought is closer to truth, to reality, than an action. You can say anything, you can do anything, but you can't fake a thought." And here's what I'm thinking: I don't want to be here. In this smart and intense literary suspense novel, Iain Reid explores the depths of the human psyche, questioning consciousness, free will, the value of relationships, fear, and the limitations of solitude. Reminiscent of Jose Saramago's early work, Michel Faber's cult classic *Under the Skin*, and Lionel Shriver's *We Need to Talk about Kevin*, "your dread and unease will mount with every passing page" (*Entertainment Weekly*) of this edgy, haunting debut. Tense, gripping, and atmospheric, *I'm Thinking of Ending Things* pulls you in from the very first page...and never lets you go.

When her new friend and co-worker, Sheba Hart, begins a passionate affair with a male student, schoolteacher Barbara Covett decides to defend Sheba and unknowingly reveals secrets they both hide.

The #1 New York Times bestselling WORLDWIDE phenomenon Winner of the Goodreads Choice Award for Fiction | A Good Morning America Book Club Pick | Independent (London) Ten Best Books of the Year "A feel-good book guaranteed to lift your spirits."—The Washington Post The dazzling reader-favorite about the choices that go into a life well lived, from the acclaimed author of *How To Stop Time* and *The Comfort Book*. Somewhere out beyond the edge of the universe there is a library that contains an infinite number of books, each one the story of another reality. One tells the story of your life as it is, along with another book for the other life you could have lived if you had made a different choice at any point in your life. While we all wonder how our lives might have been, what if you had the chance to go to the library and see for yourself? Would any of these other lives truly be better? In *The Midnight Library*, Matt Haig's enchanting blockbuster novel, Nora Seed finds herself faced with this decision. Faced with the possibility of changing her life for a new one, following a different career, undoing old breakups, realizing her dreams of becoming a glaciologist; she must search within herself as she travels through the Midnight Library to decide what is truly fulfilling in life, and what makes it worth living in the first place.

In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as *A Room of One's Own*, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' — Kate Mosse, *The Guardian* 'Probably the most influential piece of non-fictional writing by a woman in this century.' — Hermione Lee, *The Financial Times*

Zoë Heller's first novel introduces an unforgettable curmudgeon, Willy Muller, an embittered journalist turned celebrity biographer and misanthrope. At the age of fifty, having survived imprisonment for murdering his wife, years of venomous hate mail from the public, and most recently, the suicide of his daughter, Sadie, Willy is about to become an unlikely candidate for redemption. With its scalpel-sharp wit and brilliant dialogue, *Everything You Know* is "a smashing success. Wickedly funny, lively, and---ultimately---moving" (Newsday).

Risk everything . . . for love with this #1 New York Times bestseller. What if you couldn't touch anything in the outside world? Never breathe in the fresh air, feel the sun warm your face . . . or kiss the boy next door? In *Everything, Everything*, Maddy is a girl who's literally allergic to the outside world, and Olly is the boy who moves in next door . . . and becomes the greatest risk she's ever taken. My disease is as rare as it is famous. Basically, I'm allergic to the world. I don't leave my house, have not left my house in seventeen years. The only people I ever see are my mom and my nurse, Carla. But then one day, a moving truck arrives next door. I look out my window, and I see him. He's tall, lean and wearing all black—black T-shirt, black jeans, black sneakers, and a black knit cap that covers his hair completely. He catches me looking and stares at me. I stare right back. His name is Olly. Maybe we can't predict the future, but we can predict some things. For example, I am certainly going to fall in love with Olly. It's almost certainly going to be a disaster. *Everything, Everything* will make you laugh, cry, and feel everything in between. It's an innovative, inspiring, and heartbreakingly romantic debut novel that unfolds via vignettes, diary entries, illustrations, and more. And don't miss Nicola Yoon's *The Sun Is Also A Star*, the #1 New York Times bestseller in which two teens are brought together just when it seems like the universe is sending them in opposite directions.
