Determined to resist, it's hard to remember what she's fighting against when her alien captor is built like a god and his touch sets her body on fire. But when the time comes, will she want to leave? He needs a female, or they all die. His species is dying. Not today, maybe not tomorrow, but with no females, their days are numbered. Finding a base full of females is a bounty Tarrick can't ignore. Nor can he ignore the delicate little female who stirs his blood yet dares to defy him at every step. Then a dangerous rival challenges his claim on Terran space and all it's females. He can't afford to lose control, or his clan is doomed. When his treasured female is taken, he'll do anything to rescue her. Including starting an intergalactic war

Hide and seek is a lot less fun in an alien prison where the winner gets... me.Rian: I'm not a stranger to being behind bars, but this prison leaves a lot to be desired. There are zero communal showers, minimal locking cells, and the other prisoners are extremely hostile. That could be because they are aliens and this is a prison in another galaxy. Add in the fact that I'm a human female, and my life span has just dropped some serious time. I'm about to go down fighting when a scary blue alien with spikes decides he's my rescuer. Except he doesn't seem happy about my presence and, well, join the club, buddy.Mikko: After spending a third of my life in the Pit, I returned for some payback but instead find a human female fighting for her life. She's small, snarly, and irritatingly beautiful. When a coveted reward is offered to the prisoners for our capture, the game changes. My enemies thought I was unpredictable with anger issues before? They haven't seen anything yet. I'll escape again with my female, and then the real payback begins.Mikko is a SciFi Alien Warrior Romance featuring a prickly, snarky hero with a heart of gold and a heroine who loves as hard as she fights.

A human female. A ruthless alien. A dangerous beast she awakens inside of him. His name is Ar'Van. He is the best hunter money can buy. Tall, dangerous, non-human - and the last of his kind. When a new assignment brings him to Earth, he doesn't expect much resistance. The women he is supposed to deliver to the warlord of the Qua'Hathri are easy targets. He could outwit the earth men that protect them, with his eyes closed. But every plan can go wrong. Not because he is careless. He just hadn't expected his worst enemy and best accomplice to feel drawn to one of them. Inside of him lives a powerful beast. Until now, he has been able to keep it in check. But in the presence of that female human, his dark side starts to show itself. The monster wants to own her-as does he. When a murderer starts his bloody work in the confines of his spaceship, Ar'Van has only one choice: He must save her life. At any cost. Even if it means letting the beast come to light. Dark. Powerful. Sexy. This will be a ride you won't want to miss. * * * A SciFi Alien Alpha Romance. The Beast is the Prequel of the Betania Breed Series. * * * Warning: Intended for mature audiences. When a distant planet's ownership is in dispute, conquering aliens turn defiant human males into pampered sex slaves. In a not-too-distant future, a lopsided war has led to aliens invading and occupying an Earth settlement. Wid is a young colonist who has been caught harassing the aliens. He and his friends are rounded up and sent to an alien warship patrolling the disputed space. His fate is to serve as a sex slave for the ship's imposing captain. Wid, at first, fights against his enslavement, but soon learns that not only does he stand no chance against the much larger and stronger captain, he isn't sure he even wants to. Like all Travian males, Kell is bound by duty to defend his people. Having risen to the rank of captain, he nevertheless chafes against the boring and endless patrol of the space invaded by the humans. His misses his family and constantly guards against his scheming first officer. He sees his reward of a human sex slave as more of a nuisance. Yet the pretty, fair-haired human's exotic allure is hard to resist. He finds far more pleasure in the use of his pet than he would like. Kept naked and leashed, Wid's days are filled with boredom, while his nights wrapped in Kell's arms turn from fear into pleasure. Even as the humans plot their escape, Wid and Kell form a bond and their growing affection cannot be ignored. When tensions boil over among the aliens, Wid and his friends may be Kell and his crew's only chance for survival.

I've come to Earth to hunt down a killer, not find a mate. But then I see her and all I can think is...MINE. Just one dangerous problem- My enemy knows she's here...and he wants her for himself. Cassie Anderson has been an orphan since the age of four. Left on her own, she grew up a hard-working, pragmatic woman of the Montana Territory, her steady employment at the Selby boarding house the only life she knows. When strange, sensual dreams drive her from her bed at night, her body heavy with desire and the scar on her palm burning, Cassie isn't sure what to think. When the handsome stranger tempting her each night with stolen kisses and irresistible caresses suddenly appears in the flesh, she believes she's truly lost her mind. Maddox of Everis was born a Hunter. Second son to a powerful ruling family, he volunteers for the dangerous mission to a far away, primitive planet called Earth. His mission? To track down an evil foe responsible for his twin sister's death. He's come ready for the hunt, prepared to kill, if necessary, but he is not prepared for the mating mark on his hand to burn with sexual fire. Shocked but desperate to find his mate, Maddox will do whatever it takes to protect her from his enemy. He expects to find a mate eager to welcome him into her bed and her heart. But Cassie is an Earth woman, an orphan who has no idea who or what she is... not a simple cowgirl, but a descendant of ancient warriors who once colonized Earth. Cassie is a powerful shock to his system, a woman he will do anything to possess. But when he tells her the truth, that he's an alien bounty hunter and she's his marked mate, she refuses to believe him. That is, until the dangerous madman he's traveled across the galaxy to hunt finds her as well. Suddenly it's not just Maddox's skillful kiss forcing Cassie to rethink everything she thought she knew, but an evil alien bent on possessing her for himself. She'll have to trust Maddox with both her life and her heart if they're going to survive.

Who knew reading sexy alien abduction stories could get a girl into trouble? Or that an e-reader could also be the gateway to another galaxy? I definitely didn't... but here I am anyway, mated to the Tsenturion High Commander just like the unwilling human heroines in my favorite sci-fi romances. The Commander demands obedience. He intends to claim me, train me, and turn me into his perfect little pleasure trophy. He doesn't believe in love. I don't believe in giving in without a fight. There's no amount of discipline or ecstasy that could break me to his will... I hope. Alien Captive is a hot alien abduction romance, starring one feisty human and the Tsenturion Warrior strong enough to master her. Disclaimer: the authors are not responsible for any actual alien abductions that may result should you purchase this book.
