WISHFUL THINKING is a sequel of sorts to Alexandra Bullen's debut novel, WISH, but only in the very broadest terms. The framing story is the same --- a girl receives a dress that gives her the power to receive any wish she makes (within certain parameters) --- but the plot and characters are very different.

Times, Parade, Good Housekeeping, New Statesman, Marie Claire, Town & Country, Evening Standard, Thrillist, Booklist, Kirkus Reviews, BookPage, BookRiot, Shelf Awareness Toby Fleishman thought he knew what to expect when he and his wife of almost fifteen years separated: weekends and every other holiday with the kids, some residual bitterness, the occasional moment of tension in their co-parenting negotiations. He could not have predicted that one day, in the middle of his summer of sexual emancipation, Rachel would just drop their two children off at his place and simply not return. He had been working so hard to find equilibrium in his single life. The winds of his optimism, long dormant, had finally begun to pick up. Now this. As Toby tries to figure out where Rachel went, all while juggling his patients at the

hospital, his never-ending parental duties, and his new app-assisted sexual popularity, his tidy narrative of the spurned husband with the too-ambitious wife is his sole consolation. But if Toby ever wants to truly understand what happened to Rachel and what happened to his marriage, he is going to have to consider that he might not have seen things all that clearly in the first place. A searing, utterly unvarnished debut, *Fleishman Is in Trouble* is an insightful, unsettling, often hilarious exploration of a culture trying to navigate the fault lines of an institution that has proven to be worthy of our great wariness and our great hope. **Alma's Best Jewish Novel of the Year • Finalist for the National Book Critics Circle's John Leonard Prize for Best First Book**

Seraphina has been alive since the Middle Ages, when her boyfriend, Cyrus, managed to perfect a method of alchemy that lets them swap bodies with any human being. She doesn't want to die, so she finds young people who are on the brink of death, and inhabits their bodies. When we meet Sera, she has landed in the body of a girl named Kailey who was about to die in a car accident. For the first time, Sera falls in love with the life of the person she's inhabiting. Sera also falls for the boy next door, Noah. And soon it's clear the feelings are returned. Unfortunately, she can never kiss Noah, because for her to touch lips with a human would mean the human's death. And she has even more to worry about: Cyrus is chasing her, and if she stays in one place for

On the small island of Molokai in Hawaii, five lifelong friends set out on a trip to "Daggert's Volcano Park." Their destination is a secluded beach where they can grab some rest and relaxation in a private paradise. Though their lives are hardly exciting, their daily routines are unassuming and predictable. Somehow this short vacation changes everything when a simple hike turns them into cold-blooded killers. When things escalate, they form a death squad of amateur assassins. The troop is new to the game of rubbing out targets but the problems they encounter have nothing to do with their murderous skills. Killing people is the easy part. It's what they

A chilling new novel about a girl who must delve into her past if she wants to live long enough to have a future when a series of murders that are eerily similar to the dark stories her brother used to tell start happening in her hometown. Lana used to know what was real. That was before, when her life was small and quiet. Her golden stepbrother, Ben was alive. She could only dream about bonfiring with the populars. Their wooded island home was idyllic, she could tell truth from lies, and Ben's childhood stories were firmly in her imagination.

Then came after. After has Lana boldly kissing her crush, jumping into the water from too high up, living with nerve and mischief. But after also has horrors, deaths that only make sense in fairy tales, and terrors from a past Lana thought long forgotten. Love, blood, and murder.
