~~Frequent visibility of women's sport plays out at a more implicit level too, making it a natural and accepted part of the sports media landscape. It also acts as a counterbalance to negative stereotyping of women in the media, through the portrayal of positive, healthy, athlete role-models. More specifically it: •Challenges gender stereotypes~~

~~Research Report: Where are all the Women ... - Women In Sport~~

~~Women's sporting contests almost never receive the media coverage required to enter the national, let alone the global, sporting marketplaces; consequently, women and their sports are rendered marginal. But women occupy complex, often contradictory, positions in the global media-sport nexus that require investigation in relation to the sports they play and the dominant images of the media.~~

~~Although there has been considerable research in the area of women's sport and the media, less work has examined media coverage of women's football. Christopherson et al.'s (2002: 182) research on media coverage of the 1999 Women's World Cup US team found that there were contradictory messages around women and sports. Paradoxically, players were presented as 'nice' and 'feminine' women who could simultaneously be 'strong' and 'muscular' with heterosexual sex appeal ...~~
